

## **LATE SCOPING CONSULTATION RESPONSES**

Consultation bodies have 28 days to respond with any comments, stating either the information that they consider should be included in the ES or that they do not have any comments.

Any responses received after the deadline will not be considered within the scoping opinion but are forwarded to the applicant for consideration in accordance with the policy set out in the Commission's Advice Note 7: Environmental Impact Assessment, Screening and Scoping.

The following EIA scoping consultation responses were received after the consultation deadline specified under legislation and therefore did not form part of the Commission's scoping opinion.

For the Attention of Laura Allen

Dear Madam

RE IPC Consultation for the scoping opinion to be provided for an environmental statement for the proposed new combined cycle gas turbine power station at East Thurrock Connection Project Thurrock.

I refer to the above referred to this Council for comment. Following a review of the information the only comment that the London Borough of Bexley would raise at this stage relates to the fact that the scoping report does not provide details of the geographical extent of the proposed air quality assessment. It appears that only nitrogen dioxide is proposed to be covered in the assessment, this pollutant is the main concern for the London Borough of Bexley. Confirmation on the geographical extent of the air quality assessment should be provided.

I trust this is of assistance

Yours faithfully,

*Susan N. Clark*

Head of Development Control

---

Proposal: Consultation from the Infrastructure Planning Commission on request for a scoping opinion related to the East Thurrock connection project proposed by National Grid

Location: EAST THURROCK

---

Thank you for your consultation in regard to the scoping request that you have received from National Grid Electricity Transmission PLC in relation to the construction of a 400kV 4 bay electricity substation and related infrastructure (know as the East Thurrock Connection Project) at East Thurrock, Essex. Medway Council has no substantive comments to make in regard to the document.
